TEN CENTS A WEEK

PROHIBITION MEASURE WON IN LAST HOUR

Near-Beer Was Voted Out of Nearly Half the State of Georgia---Closing Session.

ATLANTA, Aug. 12.—Near-beer was voted out of nearly half the State of Georgia last night by the Legislature when few minutes before joint adjournment the Senate high license bill was passed by the House 81 to 77. The bill prohibits the issuing of near-beer licenses except in towns of 2,500 or over.

The House of Representatives spent the entire afternoon on the general tax act, finally voting to disagree to the Price substitute for the Alexander near-beer prohibition section by 79 to 77.

It was a close vote and everybody predicted at once that the House

would finally give in and accept the Senate substitute which increases the tax on near-beer manufacturers and dealers and prohibits the sale of near-beer in the country districts or in towns of less than 2,500 inhabitants. It also prohibits Confederate veterans from selling the beverage under the free license system.

The House spent two hours on the prohibition section, the argument being controlled by Mr. Anderson of Chatham on one side and Mr. Alexander of DeKalb on the other. Messrs. Hardeman of Jefferson, Porter of Floyd, Persons of Monroe, Anderson and others spoke briefly, urging con-

Fifty Lives Lost; 600 Houses Swept Away

MONTEREY, Mex., Aug. 12.—The Santa Catarina river has returned to its banks, leaving a scene of desolation and destruction in the southern part of the city. Fourteen lives are known to have been lost and estimates place the number as high as fifty.

The exact figures will never be known as the Barrio of San Luisito, where most of the damage occurred, is inhabited by the poorer classes mostly and many occupied houses were washed away. Over 600 houses have been washed away in this one district and practically all those left standing are more or less damaged.

The people returned to the stricken districts yesterday and spent the time

in cleaning the deposits of mud from the houses. Many families have lost all their possessions and there is great suffering among them.

In the city proper several houses caved in as a result of the storm and the damage all over the city has been great.

The Monterey bath house was flooded by the rain. One man lost his life in the big swimming pool. Houses throughout the lower sections of the city were inundated and the families forced to move out. The electric light plant was damaged, as was the power plant of the street railway system. The rains continue and another flood is expected in the Santa Catarina today.

Big Clyde Line Steamer at Mercy of the Waves

BEAUFORT, N. C., Aug. 12.—The Steamship Arapahoe, of the Clyde Line, for Jacksonville and Charleston, from New York, broke her tail shaft yesterday afternoon and it was reported by the wireless at this station later that she was drifting helplessly.

The ship at the time that she flashed her "C. Q. D." was 21 miles south-west of Diamond shoals lightship. The wind was strong from the north-east and is drifting the ship in-shore. She is heavily loaded and has quite a number of passengers on board.

The revenue cutter at Wilmington, N. C., or Norfolk, has been notified, as have tug boats along the coast, and

many of them are now speeding on to find the disabled ship and render aid. It is expected that some of them will surely reach the vessel before morning.

Despite the strong northeast wind the sea is moderate. It is believed that as soon as the Arapahoe comes on soundings the master will anchor. Sea farers here are reassuring in their view regarding the ship and feel that she is in no grave danger.

Wireless reports say that the Steamer Huron, of the Clyde Line, arrived to aid the Arapahoe at 6 p. m. The Huron is standing by and possibly will take the Arapahoe in tow and thus save a large salvage bill.

Milton Visited by Another Disastrous Conflagration

MILTON, Fla., Aug. 12.—Fire which was discovered before daybreak yesterday in D. T. Williams & Co's. dry goods and grocery store caused a loss of over \$50,000 before the flames were checked. The Williams Company alone suffered heavily. The flames spread rapidly to adjoining buildings, which, by hard work of the fire department, were saved.

Following is a list of the buildings

damaged: John Stewart, grocery; First National Bank; I. M. Josephs' Sons, dry goods; H. S. Bates, dry goods; Hilson Bros., druggists; Miss Bessie McDougall, shoes.

It is estimated that insurance of \$25,000 was carried on the property damaged.

THAW MUST RETURN TO INSANE ASYLUM

JUSTICE MILLS RENDERS DECISION THURSDAY MORNING.

Thaw Took Fate Calmly But Prisoner's Mother Greatly Distressed Over the Decision.

WHITE PLAINS, N. Y., Aug. 12.—Justice Mills today handed down a decision, declaring that Harry Kendall Thaw is insane.

He dismissed the writ of habeas corpus under which Thaw endeavored to secure release from the Matteawan Asylum for the Criminally Insane, and remands him to the custody of the State authorities at that institution.

Thaw received the news of the failure of his second attempt to obtain a discharge from Matteawan with a slight display of emotion. His manner indicated that he expected an adverse decision.

The information was brought to him first in his cell in the local jail. Thaw read the court's opinion without comment until he came to the following sentence: "If those beliefs constituted delusions in his mind when he committed homicide they are the same now."

"That's not so," he said, and marked the lines with a pencil.

Thaw's Mother Distressed.

WHITE PLAINS, N. Y., Aug. 12.—Mrs. Thaw, the mother of Harry Thaw, was greatly distressed when she learned of Justice Mills' decision this morning declaring her son insane.

"I will never give up the fight for his release," is the comment she made when asked what she intended to do.

current in the Senate amendment. Mr. Alexander occupied the whole of the time on the other side and denied emphatically that he was seeking to embarrass the present administration.

Mr. White of Scriven made the motion to agree to the Senate substitute and when it was lost there was applause in the gallery and on the floor, which brought a sharp reprimand from Speaker Holder.

The Legislature continued to enact bills after midnight, the constitutional hour for adjournment, with newspapers hiding the faces of the clocks.

The last bill introduced was in the Senate and provides for Confederate veterans riding free on railroad trains.

It was long after midnight when adjournment arrived.

To Protect Women.

A bill to protect virtuous women from wilful and malicious slanders on their good name was passed by the House. Violators are made subject to punishment as for a misdemeanor, to be imprisoned for twelve months or to pay a fine of \$1,000.

Mr. Anderson of Chatham, in championing the bill, stated the case of an alleged wilful slander circulated as was charged by a man in Bulloch county against three girls in the District Agricultural and Mechanical College, of which he is the chairman of the board of trustees.

"There is absolutely no law now on our statute books by which such an offense can be reached," he declared.

The bill received 106 votes in the House, all that were cast. It had already passed the Senate.

This was one of the very few measures of general interest favorably acted upon by the House at the morning session. The proceedings were slow. Once, after a motion to agree to a bill had been put three times and no quorum voted, Speaker Holder had to threaten to call the roll to induce the members present to vote on one side or the other.

HON. FRANK CLARK CALLS HAND METROPOLIS EDITOR

Was Not "Rebuked" by Colleagues, and Gives Facts Relative to Secretary of Committee.

Washington, D. C., Aug. 5, 1909.

Editor The Metropolis, Miami, Fla.
Sir: That you are opposed to my re-election to Congress is your own affair, but you have no right to misrepresent me.

You have grossly misrepresented me, and I am going to see if you are the man to correct it after being advised as to your misstatement of facts.

In a late issue of your paper you publish a statement which purports to have emanated from this city to the effect that I had been "rebuked" by my colleagues for my course in Congress on the tariff question and that they had defeated me for re-election as secretary of the National Democratic Congressional Committee, and upon this false statement of facts you proceed to inform your readers that I have been and am discredited among my party associations here, etc.

There is not one word of truth in the alleged telegraphic statement, and consequently not one word of truth in your deductions.

Let me give you the facts: Each delegation in Congress elects its own member of the Congressional Committee and such member holds for two years. Two years ago Mr. Sparkman and Mr. Lamar elected me as the Florida member of that committee. When the committee met two years ago to organize, I was unanimously chosen over my protest as secretary. I accepted the position as a duty placed upon me by my associates and served in that capacity, and in the campaign last year not only spent many months of hard work but more than a thousand dollars in hard cash out of my own pocket for the benefit of the Democratic cause.

When my term expired a few weeks ago and it became necessary for our delegation to again elect a member of this committee, both Colonel Sparkman and Mr. Mays expressed the de-

sire for me to retain the place. I declined it and suggested that we elect Mr. Mays as the Florida member of the new committee. Colonel Sparkman agreed to this and Mr. Mays was elected.

Not being a member of the committee I was in no sense a candidate for secretary of it, and therefore could not have been "rebuked" in this connection by anybody.

You cannot find a single Democrat in Congress, either on or off the committee, who will say that he considers that any "rebuke" has been administered to me in this matter.

If you have any doubts as to the facts herein stated, address a communication to Hon. James T. Lloyd, chairman of the committee, Hon. S. M. Sparkman, Hon. D. H. Mays, or any other Democrat in Congress, and get them to enlighten you on the subject.

If you cannot make good your statements with reference to this alleged "rebuke," do you not think that in justice to me and in proof of your own desire to speak the truth, you ought to apologize to your readers for misleading them?

You have a perfect right to oppose my re-election to Congress, and all I ask is that you fight fairly and in the open.

So far as I am concerned, I am a candidate for renomination and re-election to Congress, and I serve notice on you now that I shall give you and yours all that you are looking for when the proper time arrives.

In my candidacy for re-election, I shall stand squarely on the record I have made, and have no apologies to make for anything contained in that record.

I can show that my entire record is in the interest of the people of my district, and I challenge you and all my opponents to show to the contrary. Yours most truly,

FRANK CLARK.

Husband Shoots His Wife for Eloping With Another

RALEIGH, N. C., Aug. 12.—A special from Manteo, N. C., says: "At Thompson yesterday shot and killed his wife and wounded W. H. Seaman, the man with whom it is alleged she eloped recently. The wife and Seaman had returned and it is alleged took away two children in Thompson's possession and to regain possession of the children it is said the shooting occurred."

"The story is that Thompson, upon learning that his wife had returned and obtained his children, armed himself with a revolver and went to demand them. Seaman met him on the porch and refused to surrender

the children, whereupon Thompson shot him down. In the meantime the woman was seen trying to escape with the smaller child in her arms and Thompson shot her dead.

"At a late hour Seaman was still alive, but the physicians have not been able to extract the bullet, which is lodged in his breast or shoulder.

"Thompson hunted up the sheriff and surrendered. The woman was well connected in Dare county. More pity than censure is felt for Thompson, who declines to make any statement further than that he loves his children and would rather die than be separated from them. Thompson is an expert mechanic."

Bitten by Puppy 60 Days Ago; Dies from Hydrophobia

CARRABELLE, Aug. 12.—Mr. Perry Walden was bitten by a little puppy about sixty days ago and Sunday night symptoms of hydrophobia developed. All that two doctors could do could not save him and he died

in great agony and pain. Mr. Walden was a young man 24 years of age, who came from near White Springs, Fla., and was working with the R. J. & B. F. Camp Lumber Co. at Carrabelle. He leaves a wife and little baby.

WALDO WILL PLAY OAK HALLS TODAY

MANAGER DAVIS SUCCEEDS IN
ARRANGING FOR GAME.

Waldo Has Been Playing Good Ball
and Will Make It Interesting
for the Locals.

Manager Davis has arranged for a game this afternoon between the Oak Halls and Waldo, and is desirous that a large crowd attend as he believes the contest will prove interesting—far more so than some of the games recently played here—the last contest with the Soldiers, for instance.

Mr. Davis realizes that the Oak Halls need some good, hard practice before the games with Orlando roll round, and states that he does not know of an amateur team "in these parts" which will excel the Waldo boys in this direction—in fact, he believes that the visiting club will make it worth while for the O. H.'s to get on their mettle if they defeat them.

The Waldo team played Micanopy here a few days ago, when the score stood a tie at the end of the tenth inning. The Waldo boys claim that it would have been a shut-out in their favor if they had brought their full team here upon that occasion, but having to pick up two or three men to "fill in" at the last moment, they failed to put up their usual standard of playing.

Waldo lost a game to the fast Ocala team in the latter city Monday, but the Brick City papers state that it was not the fault of the battery of the railroad town club that they were scored upon very often, hence, with a little strengthening, they will give the Oak Halls all they are looking for.

The game will be called promptly at 3:30 o'clock in order for the visitors to return home on the late train, so be on hand early.

Hines will probably do the twirling for the Oak Halls.

Keep your eye on the want ads. There may be something advertised which is of interest to you.

\$15 Cash \$10 a Month

Buys a very choice residence lot one block west of beautiful Riverside Park, Jacksonville, Fla.

When \$125.00 has been paid, no further payments need be made for five years at 6 per cent interest.

This is an exclusive section, where only fine houses are built. The values are rapidly advancing, and purchasers are realizing handsome profits on their investments.

Of the lots sold by us last year in this locality, we have resold already a large number.

The terms offered will not be held indefinitely.

Careful attention will be given to selections made for out-of-town buyers.

Think of this! Over eleven hundred houses are being completed in Jacksonville in one year. This means eleven hundred lots taken off the market in twelve months, and we are just beginning.

THE DEATH OF H. C. ATWATER.

In the death of H. C. Atwater we have lost one of our most prominent citizens. Coming from New Haven, Conn., when a young man, he located near Waldo, and married Miss Amy Corey and reared a family of several children and died at the age of sixty-two, on Aug. 4, 1909.

For twelve years past he has been postmaster and his affable, courteous manner always made his service agreeable to the public. His business in the office was always conducted in strict accord to the rules and regulations thereof, and consequently every inspection found everything correct. It was his one concern to keep the postoffice and nothing divided his attention. Mrs. Atwater was his efficient assistant and thus has the recommendation for appointment as her husband's successor.

Mr. Atwater was of a large family of whom there remain only a brother, Wm. A. Atwater of Lincoln, Neb., and Mrs. Edwin C. Kingsbury of Chicago, Ill., and their mother, Mrs. Susan L. Atwater, living with the daughter, and who is of great age and infirmity.

The funeral took place from the house, the body being taken to the Episcopal church, of which Mr. Atwater had long been a member, and the services were conducted by Rev. Mr. Curry of Starke, and were largely attended. The interment was made in the city cemetery, many floral tributes being offered.

The wife, four daughters and two sons are left to mourn the loss of a devoted husband and father.

The writer feels a personal loss of a friend of many years, and near-neighbor who will be sadly missed. Great sympathy is felt throughout the community for the bereaved.

ARCHER-CEDAR KEY.
Former Came Out Victorious Thursday by a Score of 7 to 2.

In a hot baseball contest between Archer and Cedar Key in the former place Thursday afternoon Archer was victorious by a score of 7 to 2.

The battery for the Archer team was Spottswood and Bullock, while Cedar Key used Prewitt and Harvey of Waldo. Many exciting plays were made and excellent work was done by the batteries on both sides.

THE METHODIST ORGAN.

It is Now the Same as a Brand New Instrument—Fine Job.

The large pipe organ of the Methodist church has been completed by the contractor, Geo. Davenport, and accepted by the committee.

This was probably the largest contract of this kind ever performed in Gainesville, as it was next to building the mammoth instrument over again, which was successfully done by the young man.

The organ is now in practically the same shape as a new instrument and that the committee selected home people in preference to the many foreign competitors is another mark of the value in which Mr. Davenport's work is held in Gainesville.

Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

CROWD IS CHARGED BY A DOZEN STEERS.

PORT HURON, Mich., Aug. 12.—A number of persons were trampled on and otherwise injured when a dozen steers which were part of a wild west parade charged into a crowd at the entrance to the St. Clair bridge here. Several dogs ran barking at the steers as they reached the bridge approach and stampeded the animals into the crowd. Miss Jessie Ingley of Grayling was seriously injured internally.

S.S.S. THE CURE FOR SCROFULA

The usual symptoms of Scrofula are enlarged glands of the neck, sores and ulcers on the body, skin affections, catarrhal troubles, weak eyes, and general poor health. The inherited poison, transmitted through the blood, pollutes and weakens this fluid, and in place of its nutritive qualities fills the circulation with scrofulous matter, which saps the vitality of the entire system. Thousands of children, born with a scrofulous taint, have spent their childhood in constant physical suffering, and grown to manhood or womanhood handicapped by ill health and stunted growth, and perhaps later some disease of the bones or joints developed. S. S. S., given in their early life, would have prevented this. It would have cleansed and purified the blood of the taint, nourished and strengthened their systems, and assisted each to grow into strong, healthful manhood or womanhood. S. S. S. is the very best remedy for Scrofula. It goes down to the bottom of the trouble, and cleanses the circulation of all scrofulous matter. It supplies the weak, diseased blood with strength and health-building qualities, and under the purifying effects of this great remedy all symptoms of Scrofula pass away. S. S. S. contains no minerals in any form, and is an absolutely safe treatment for children, even infants, or persons of any age. Literature about Scrofula and any medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

ORLANDO COMES FOR THREE BIG GAMES

THURSDAY, FRIDAY AND SATUR-
DAY ARE DATES SELECTED.

Team Makes Long Jump in Order to
Play Return Games With the
Oak Halls.

August 19th, 20th and 21st—Orlando
vs. Gainesville.

Three days of fun and frolic and
hard ball-playing is the schedule for
the last three days of next week be-
tween the above two cities at the ball
park here.

There is no guess-work as to what
the Orlando team is composed of—
we all know that they have a set of
players that are up with the leaguers
and some of the very best games of
the entire season will be seen on this
occasion.

Better "oil up" and get your throat
to working, all you rooters, for if you
were ever needed by Manager Davis'
"black face kids" you will be needed
then. The Orlando boys are there
with bells on and have that "Little
Windmill" (Windham) behind them
who has Bridges of Sanford skinned
forty different ways when it comes to
pitching and playing ball.

Gainesville has also been strength-
ened, and the two new players who
have been added are showing up well
under the try-outs.

Get in line and become busy for
all of these games by talking them
and see if we cannot at least show
the Orlando players that we are loyal
to our team and believe in assisting
them on to victory.

Remember the games are for the
19th, 20th and 21st instead of the
days as mentioned in yesterday's Sun.

DO IT NOW

Gainesville People Should Not Wait
Until It Is Too Late.

The appalling death-rate from kid-
ney disease is due in most cases to
the fact that the little kidney trou-
bles are usually neglected until they
become serious. The slight symp-
toms give place to chronic disorders
and the sufferer goes gradually into
the grasp of diabetes, dropsy, Bright's
Disease, gravel or some other serious
form of kidney complaint.

If you suffer from backache, head-
aches, dizzy spells; if the kidney se-
cretions are irregular of passage and
unnatural in appearance, do not de-
lay. Help the kidneys at once.

Doan's Kidney Pills are especially
for kidney disorders—they cure where
others fail. Over one hundred thou-
sand people have recommended them.
Here's a case at home:

Mrs. A. H. Leonard, 304 E. Liberty
street, Gainesville, Fla., says: "I feel
that from personal experience and
that of several of my friends who
have used Doan's Kidney Pills, I can
endorse them very highly. Any per-
son suffering from backache, head-
aches, chills, nervousness or any of
the other symptoms arising from dis-
ordered kidneys, will make no mis-
take in giving Doan's Kidney Pills a
trial. They always act quickly, cause
no inconvenience and live up to the
claim made for them."

KIRBY SMITH MEETING.

Interesting Session Held at Home of
Mrs. J. H. Truby Thursday.

The regular monthly meeting of
Kirby Smith Chapter, U. D. C., was
held at the handsome home of Mrs.
J. H. Truby Thursday afternoon, when
a large number of the membership
were present.

The session was turned into a me-
morial meeting in memory of the late
Mrs. Margaret Davis Hayes, a very ap-
propriate program being held which
opened with prayer, followed by a
song, "Nearer, My God, to Thee."

Following the few appropriate re-
marks of the President, Mrs. H. H.
McCreary, in behalf of the chapter,
the following resolutions were adopt-
ed by the body assembled:

"In Memory of Mrs. Margaret Davis
Hayes—As God, in His infinite wis-
dom, has deemed it best to bring to
a close the life of the only surviving
member of the family of our brave
and noble Chieftain, Jefferson Davis,
we feel it a sad sweet privilege and
duty to dedicate a few lines, on this
occasion, in respect to her memory
and that of her true and patriotic
father."

"And, although her death adds
another link in the evidence that our
'land marks' are surely and gradually
passing away, and we are made to
feel that very soon we will have noth-
ing but the silent pages of history to
speak for the martyrs of that period,
we bow in submission to the will of
Him who doeth all things well."

"We further request that a page be
set apart to her memory in the book
of our records that all Daughters of
the Confederacy in Gainesville, who
may follow in our footsteps, may
know that we acknowledge and love
the memory of the last Daughter of
our departed president."

"May the God who thus afflicts be
near the bereaved ones to comfort
and bless."

"Respectfully submitted by your
committee."

"MRS. L. W. JACKSON.

"Gainesville, Aug. 12, 1909."
Following the memorial exercises
the regular order of business was
taken up, and after being dispensed
with, delicious refreshments consist-
ing of ice cream and cake were serv-
ed by the hostess. Altogether, one of
the most pleasant gatherings of the
Chapter was held for the past
number of weeks.

Take Notice.

All persons are recommended to
take Foley's Kidney Remedy for back-
ache, rheumatism, and kidney and
bladder trouble. It will quickly cor-
rect urinary irregularities, which, if
neglected, may develop into a serious
illness. It will restore health and
strength. Do not neglect signs of kid-
ney or bladder trouble and risk
Bright's disease or diabetes. J. W.

DEATH OF MR. E. W. SMITH.

Occurs at Home in Southeast Gaines-
ville at Noon Thursday.

Mr. E. W. Smith, who has made
Gainesville his home since his early
youth, died at his residence on Depot
street at noon Thursday after a long
and painful illness.

Mr. Smith was in his seventy-seventh
year, and besides a complication of
diseases, his advanced age probably
had much to do with his end. For
the past four or five years he had
been more or less confined to his
home and for the eleven weeks past
had been confined to his bed. The
attack which ended in his death was
the longest ever experienced by him
during his entire sickness, however.

Mr. Smith was identified with the
Methodist Church, and up to within
the past few years, before his health
had been so bad, was one of the main
and hard workers in behalf of
Christ and the church, being punctual
at all meetings and assisting in every
way possible for the advancement of
the cause.

He was a Confederate veteran, and
was in the war in all its phases, shar-
ing the joys and privileges alike, and
was present in a battle which was
fought just across Sweetwater branch
on the hill.

At the time the end came he was
surrounded by his wife, Mrs. Lucy
E. Smith, three daughters, Mrs. Cora
Bauknight, Micanopy, Mrs. J. E. Tu-
pree and Mrs. B. M. Hockett of this
city, and son, P. Y. Smith, besides a
number of other relatives who were
summoned and arrived just before
the end came.

The funeral services will be held
from the Methodist church this morn-
ing at 10 o'clock. Rev. F. R. Bridges
conducting same, and interment will
be in Evergreen cemetery.

The following gentlemen will act
as pall-bearers: J. B. Dell, J. M.

EXTRAORDINARY HAIR TONIC.

It Won't Grow Hair on Bald Heads

Unlike all other hair restorers,
Parisian Sage won't grow hair on bald
heads. Neither will it grow hair on
china eggs, door knobs or hitching
posts.

One claim is about as sensible as
the other.

If your head is bald and you want
to cover it with hair, get a wig.

Parisian Sage, the quick-acting hair
rejuvenator, is of no use to bald head-
ed people; but for people who have
thin hair, falling hair and dandruff
and where the bald spot is just be-
ginning to show, there is nothing in
this wide world that will give such
satisfactory results as Parisian Sage.

Parisian Sage is guaranteed by W.
M. Johnson to drive out dandruff and
stop falling hair in two weeks, or
money back. It stops itching scalp in
two days, and keeps the scalp cool
and free from odors in warm weather.

There is nothing on earth that will
so quickly turn dull, faded hair into
lustrous and luxuriant hair as Par-
isian Sage.

Try a bottle of Parisian Sage at W.
M. Johnson's risk. Use it for a week,
and you will have no use for the ordi-
nary tonics. Parisian Sage is deligh-
tfully perfumed, free from grease and
sickness, and a large bottle costs but
50 cents. The girl with the auburn
hair is on every bottle.

Some article that is simply "in the
way" at your house might, if adver-
tised, be sold to someone who is an-
xiously looking for it.

The Value of Good Digestion

Is easy to figure if you know what your stomach
is worth. Kodol keeps the stomach at par value,
by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by
absolutely duplicating Nature's
normal process, in perfectly digest-
ing all food taken into the stom-
ach.

While Kodol is doing this, the
stomach is resting—and becoming
strong and healthy. A strong and
healthy stomach guarantees a
sound and active brain.

The man with a sound stomach
—a stomach that is doing for the
body just what Nature intended
it to do—is the man who is always
prepared for any emergency. He
is "there with the goods."

The man with a sick stomach, is
a man sick all over. When the
stomach is irritated by undigested
food, the blood and heart are di-
rectly affected. Then dullness, un-
natural sleepiness, sick-headaches,
vertigo and fainting spells, and
even serious brain trouble develop.
Kodol will prevent these.

Spurring the stomach and brain

FOR SALE BY ALL DRUGGISTS

to special effort by "tonics" or
"stimulants" doesn't cure anything,
or accomplish any good. Neither
does dieting. Indigestion and the
serious ailments which it induces
can be averted and corrected only
by natural means.

Kodol supplies this natural
means. It performs the stomach's
work for it—just as the stomach
should perform it—while the stom-
ach takes a little rest, "for the
stomach's sake."

Our Guarantee

Go to your druggist today and get a dol-
lar bottle. Then after you have used the
entire contents of the bottle if you can
honestly say, that it has not done you any
good, return the bottle to the druggist and
he will refund your money without ques-
tion or delay. We will then pay the drug-
gist for the bottle. Don't hesitate, all
druggists know that our guarantee is good.
This offer applies to the large bottle only
and to but one in a family. The large bot-
tle contains 2 1/2 times as much as the fifty
cent bottle.

Kodol is prepared at the labora-
tories of E. C. DeWitt & Co., Chicago.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features
of our service, to our subscribers and
to the public generally, is our connec-
tion with the extensive long distance
lines of the American Telephone and
Telegraph Company and the other as-
sociated Bell Telephone companies.

We own thousands of miles of long
distance lines in the seven States in
which we operate and in addition can
connect any telephone in our system
with lines extending to any other city
in which a Bell Telephone system is
operated.

These long distance lines are of the
most modern and improved construc-
tion and are maintained at a high
state of efficiency. The Bell systems,

operating in various sections of the
country, are uniform in their equip-
ment and in their methods of oper-
ating.

Only by reason of this close traffic
arrangement between the Bell Tele-
phone companies is it possible to go to
a Bell Telephone almost anywhere,
ask for "Long Distance" and be put in
communication with almost any point
in the country.

This vast network of wires, radiat-
ing throughout the nation, is used
daily in commerce and for social pur-
poses by the banker, the farmer and
citizens in all walks of life and our
plant here is an important link in this
great chain.

EXPONES THE CANARD.

At the request of Hon. Frank Clark, The News-Record this morning prints that gentleman's letter addressed to The Metropolis of this city.

While The News-Record was not advised until the receipt of this communication as to the reasons why Mr. Clark was not continued as secretary of the Congressional Committee at its reorganization a few days ago, yet it has never wavered in its belief that the statement purporting to come from a Chicago paper that Mr. Clark had been defeated for re-election to that office was a pure fake concocted in the office of The Metropolis for political purposes.

Very frankly and fully Mr. Clark points out the reason why he was not re-elected, that reason being, simply, that he had declined to be re-elected as a member of the committee and secured the appointment of Hon. Duquette Mays of the Third district, and as he was not even a member of the committee his most purblind critic cannot say, after knowing the truth, that there was any "rebut" to Mr. Clark in the whole transaction.

Mr. Clark's vigorous communication is very characteristic of that gentleman, and exposes the innate meanness of those who would manufacture situations to injure him.

Mr. Clark is a candidate to succeed himself in the House of Representatives, and he will find that the baseless attacks of his very few enemies in this district will make him more friends and add to the large majority which this district is determined to give him in the next primaries.—Miami News-Record.

NOT GOOD COLLECTORS.

"I have found," said a man who had experience in managing a force of agents and collectors for a big concern, "that a good salesman rarely makes a good collector, and likewise a good collector isn't worth much of anything as a salesman. The reason is that the salesman has to be genial and pushing. He has his mind on how he can sell the most goods, while the collector has his mind on how he can get the money for what is sold. Every house has to put a brake on its best salesman. If it didn't they would have it swamped with bad accounts inside of a year. The enthusiastic salesman thinks that the man he sells the goods to will pay as a matter of course. The collector understands that the men who are freest to buy are hardest to collect from, and that they ought not to get credit. The good salesman sends in an enthusiastic report. He has sold a big bill to so and so. The collector, who has a report on that particular man, sends word back to the salesman that the cash must accompany the order if that man gets goods. The salesman is hot. He writes that the man is perfectly good and that it is an outrage to refuse him credit, but the good collector is cold blooded. He knows that it is better to keep the goods on the shelves than to sell them and have in their place a lot of bad accounts. But when the collector starts out to sell goods himself he is a failure. He is so careful that he has no proper discrimination. He hesitates about giving credit to anybody and offends the best customers the house has."

WHERE REVISION DOWNWARD IS NEEDED.

For many years the people have heard their campaign orators talk about the need of a revision of the tariff—downward revision. The tariff has just been revised, but it is doubtful if the revision has been downward, says The Savannah News. The Democratic leader of the House says the revision has been upward, and there are good reasons for thinking he is right. It looks therefore as if downward revision were impossible, as long as the Republican party remains in power.

But couldn't another kind of revision be brought about—a revision that is as greatly needed as downward revision of the tariff? We have in mind a revision of the expenses of the Government. They should be revised downward. If there were such a revision there wouldn't be need to hunt for new sources of revenue.

The other day Congress gave the Speaker of the House an automobile to cost \$6,000 and also gave the Vice-President a machine of the same sort. No doubt the Government will have to bear the expenses of a chauffeur for each of these machines and also their garage expenses. Each machine, it is safe to say, will cost the Government \$2,000 a year. Wouldn't either the Speaker or the Vice-President have been just as happy with the modest carriage to which they have been accustomed?

Automobiles for these officials means more than the cost and support of these two machines. It means that before long every head of a bureau and every chief clerk will be riding around in an automobile bought and maintained by the Government. Automobiles mean increased cost of living and that calls for higher salaries.

And this is but one item of the many that make up the cost of government. Surely it is time for the campaign orators of each of the great parties to begin to talk of revising the expenses of the Government downward. Talk of that sort would be popular. It would appeal strongly to the common people who work early and late to get the bare necessities, or at least the comforts, of life.

CARE OF THE PIGS.

The profits in pork making depend as much on the care and management of the breeding stock and of the young pigs, says The Progressive Farmer, as on breeding or feeding. To keep a boar and not get the best service from him is a very expensive way of starting in. We are confident that the most expensive way to keep a boar is to allow him to run at large with the sows. He forms bad habits, is difficult to control, and becomes much more expensive to keep than if he had been provided with a well-fenced lot and had crops grown for him to graze. The sows are less likely to get in pig, and the time of farrowing being unknown, neither the sow nor the young pigs receive the care needed to produce best results.

There is much complaint of large sows lying on their pigs, and the reason usually given is that they are too fat. This is rarely so. A sow in good flesh—what most Southern farmers think too fat—will produce more pigs, stronger pigs, and suckle them better afterwards. If suitable houses were provided, with good board floors and a feeder around the outside of the house, and only a little short material used for bedding, few pigs would be killed by their mothers.

It is frequently stated that the "razor-back" when allowed to farrow out in the woods never kills her pigs, but it is not so. We have seen more old razor-backs going around with only three or four pigs following them than we ever did pure-bred sows. The truth is that when the razor-back sow kills her litter nothing is thought of it; they are not worth much, didn't cost much, and the loss is not much, so it is soon forgotten.

The Waycross (Ga.) Herald says: "Champ Clark declares that the Democrats are nearer together on the tariff question than they have been since the war, while the Republicans are worse split up. That Democratic nearness reminds us of near-beer—it may help some, but is nothing like the real article."

The want ads. do more real estate business than all other brokers combined—in fact, they "start" most of the business that the brokers and agents do.

One of these days when the rampant suffragette has had her way and St. Paul's injunction to keep women from talking out in meeting has been relegated to the literary scrap pile, the marriage service will be altered and require the husband to promise obedience to the wife; and, to be perfectly frank, it would probably be an improvement to the present arrangement. There are two reasons: one is that if the man really obeys the woman he will be a better animal, nine times out of ten, and the other is that if there is to be any living done at the altar it would be well to shift the onus to the broader shoulders.—Pensacola Journal.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

NEWS FROM ALL PARTS OF FLORIDA

Leesburg's waterworks plant is being extended to several important residence streets.

The county commissioners of Hernando county have called an election to be held October 2, to give the people an opportunity to say if they want to bond the county for \$25,000 for a new court house and \$50,000 for hard roads.

Word comes from Boynton, in Palm Beach county, that some sort of epidemic is carrying off the horses there, several having died lately. What it is no one seems to know. Some say staggers, some spinal meningitis and several say it is eating oleander leaves. They are trying to find out what it is and the remedy, if possible.

A Washington dispatch says that Secretary of War Dickinson has approved the recommendation of Quartermaster-General Aleshire for the allotment of funds for barracks and quarters for sea coast defense, which aggregate \$1,528,326. The department has abandoned the important work originally planned for Fort Taylor at Key West.

A romantic marriage took place Sunday evening upon the ocean beach, the contracting parties being J. M. Patrick of this city, and Mrs. F. A. Banks of Port Orange. Justice H. T. Titus, who is at present living on the beach with his family, performed the ceremony, which took place in the presence of a small party of witnesses grouped upon the white sands of the beach, almost within reach of the lapping waves of the Atlantic, just as the brilliant Southern moon was rising above the bosom of the waters and with the roar of the surf about them.—Daytona Gazette-News.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter." — MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

SEARCHLIGHT IS USED TO DETECT PERJURY.

Washington, Aug. 12.—A local police judge has mounted a searchlight upon his desk to detect perjury. Long experience upon the bench has taught him that from the class of prisoners brought before him it is difficult to obtain trustworthy testimony. Searching for a cure for this evil, he began to experiment with light.

An electric light with a strong reflector was brought into use and as the police prisoners are brought to the witness stand he turns on the impromptu searchlight. Its strong rays enable the judge, sitting in the shadow, to follow every facial expression of the offenders, and it is found that perjury has been greatly reduced. The judge, who is a student of criminology, reads the faces of his visitors and, in a way, their thoughts, and upon the appearance of an effort to escape the consequences of the truth, he promptly checks them.

MISS SANTA CLAUS TAKES HER OWN LIFE.

PHILADELPHIA, Aug. 12.—Miss Elizabeth A. Phillips, widely known as "Miss Santa Claus," committed suicide yesterday, inhaling illuminating gas.

Pinned to the woman's clothing was a note which read:

"I have been in failing health for some time. I have always tried to do my best for mankind."

Miss Phillips enjoyed almost a National reputation by reason of her work at Christmas time among the poor children.

Two years ago, at her request, all the letters written by children and mailed to Santa Claus were delivered to her and the requests of the children, so far as possible, were complied with.

She was the daughter of a prominent merchant of this city.

WHILE PLAYING GHOST WOMAN MEETS DEATH

SCRANTON, Pa., Aug. 12.—Miss Bridget Nolan, an elderly woman who lived in North Scranton, was slain with a cobblestone early yesterday by John F. Dean, a neighbor. Dean is under arrest and admits the killing. He declares that the woman met death while playing ghost.

Dean said that on account of the warm weather Monday night, he did not feel like going to bed, so he sat outside his small store. A woman dressed in white came up, jabbed him in the stomach with a broomstick and struck him across the arm. He picked up a stone and hit her. She fell and Dean gave himself up to a policeman.

Miss Nolan owned the building occupied by Dean. She was clothed only in a night gown, and in this garb had frightened Dean.

Sock and Buskin.

In the early ages theatrical performers disguised their faces with wine lees or a rude pigment. Aeschylus, the famous tragic poet, introduced masks, which were of various kinds, expressing every age, country, condition and complexion. All were constructed with the greatest nicety and precision. The dresses were also adapted to the characters assumed by the actors. What was known as the buskin was a hunting boot. Those worn by tragedians had soles three inches thick, composed of layers of cork, and were laced up in front as high as the calf. Sandals were also worn, and many of these had thick cork soles. The colors of the foot coverings were various, red being the favorite hue for warriors and purple for other characters. Slaves wore a low shoe bearing the name of sock, which was also the ordinary footwear of comedians. From this circumstance arose the well known phrase of "sock and buskin," so generally associated with the drama.

Animals With Pockets.

Did you ever think what a curious thing it is that some animals have pockets—great, roomy, fur lined vest pockets, big enough to carry a family of little ones about in? Many of the animals native to Australia and Tasmania have these convenient pockets, and so has the possum, a common animal in our southern states. The kangaroo is the largest of this species. Full grown kangaroos go sixteen feet at a jump, and so when going on a long journey or running from hunters think what a comfort it must be to Mother Kangaroo to know that her babies are snug and safe in her pockets.—Exchange.

Secret Ink.

A simple expedient when one wishes to confide his secrets to paper and yet keep them in to use ordinary rice water instead of ink. It cannot be seen when dry, but turns blue when iodine is applied to it. If it be desired to make perfectly sure of the destruction of the contents of the letter after it has been read the purpose may be accomplished by writing it with a solution of iodide of starch in water. A few days later the script will have disappeared.

ABOUT ADVERTISING—NO. 1

The Perambulating Showcase

By Herbert Kaufman.

The newspaper is a huge shop window, carried about the city and delivered daily into hundreds of thousands of homes, to be examined at the leisure of the reader. This shop window is unlike the actual plate glass showcase only in one respect—it makes display of descriptions instead of articles.

You have often been impressed by the difference between the decorations of two window-trimmers, each of whom employed the same materials for his work. The one drew your attention and held it by the grace and cleverness and art manifested in his display. The other realized so little of the possibilities in the materials placed at his disposal that unless some one called your attention to his bungling you would have gone on unconscious of its existence.

An advertiser must know that he gets his results in accordance with the skill exercised in preparing his verbal displays. He must make people stop and pause. His copy has to stand out.

He must not only make a show of things that are attractive to the eye but are attractive to the people's needs as well.

The window-trimmer must not make the mistake of thinking that the showiest stocks are the most salable. The advertiser must not make the mistake of thinking that the showiest words are the most clinching.

Windows are too few in number to be used with indiscretion. The good merchant puts those goods back of his plate glass which nine people out of ten will want after they have seen them.

The good advertiser tells about goods which nine readers out of ten will buy if they can be convinced.

Newspaper space itself is only the window, just as the showcase is but a frame for merchandise pictures. A window on a crowded street in the best neighborhood, where prosperous persons pass continually, is more desirable than one in a cheap, sparsely settled neighborhood. An advertisement in a newspaper with the most readers and the most prosperous ones possesses a great advantage over the same copy in a medium circulating among persons who possess less means. It would be foolish for a shop to build its windows in the alleyway—and just as much so to put its advertising into newspapers which are distributed among "alley-dwellers."

THE DAILY SUN, 10c a Week

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the state, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Faine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

TWO PIANOS AND A DIAMOND RING

Total Cash Value, \$1,000.00

To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

Each Section Gets Prizes!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tying.

THE A. R. HARPER PIANO CO. of Jacksonville, from whom the pianos for this contest were purchased, have agreed to offer extra prizes as follows: To the first five candidates in each district, excepting the winners of the capital prizes in the said districts, one certificate each for \$100.00 which will be redeemable in cash as a payment on any piano handled by them—the Everett, Harvard, Dayton or John Church Pianos. In addition to this they will give a certificate good for \$25 to all other contestants in the race, and will make special arrangements with anyone to take care of their paper on all purchases of instruments at the cash price.

The Gainesville Section Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDSOME DIAMOND RING.

Eastern and Southern Section Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

Western and Northern Section Will comprise all stations from Hague to High Springs, Trenton, Waunee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

How and Where to Get Votes

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

People with chronic bronchitis, asthma and lung trouble, will find great relief and comfort in Foley's Honey and Tar, and can avoid suffering by commencing to take it at once. J. W. McCollum & Co.

Mrs. I. J. Gardner, accompanied by her daughter, Miss Willie, of Tampa, returned yesterday from a visit to High Springs and will again spend a short while here as guests of Miss Sallie Pinkson before returning to their Tampa home.

Prof. H. J. Kendall, formerly a resident of the eastern section of this county, is in the city on business. Prof. Kendall has been teaching in Tampa for the past several years, but will remove to Manatee county the coming scholastic term.

Mr. and Mrs. J. L. Modlin and children left yesterday for Clio, S. C., to be absent for the next three weeks. Before departing they placed an order for a fine touring car, all complete with lamps, cover and other "extras" for them upon their return.

No grits and gravy under a French name; no fictitious dishes a la this or a la that, but plain, palatable, healthful American food—"as mother used to cook it"—served properly and in quantity to satisfy the most fastidious. Try one of our Sunday Turkey Dinners. The Brown House.

Rev. L. R. Thomas of Willeford is among the visitors to the city. He came over for the purpose of visiting his son, who is confined in the hospital, having undergone a very successful operation. He was accompanied by his nephew, J. R. Thomas, who is one of the clever citizens of that section and who took advantage of his visit and made this office a pleasant call.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. J. W. McCollum & Co.

MYSTERIOUS MR. RAFFLES.

Attracting Wide-Spread Attention in All Sections of the City.

The Mysterious Mr. Raffles of the Air Dome is attracting great interest, and especially among the younger generation, who are working hard to find the man. He has been seen on numerous occasions about the city and can be seen the greater part of the time walking about the square, but the mystery would be solved too soon if you were to find him right now.

It is proving a great advertising scheme for Managers Wellington and Woltz, besides attracting no little attention for the merchants whose names are mentioned as probable places he might visit in his rounds "seeking bargains."

Attend the shows each night and secure tickets that you may get a chance to challenge this famous man, whoever he may be.

B. W. Fontane of Micanopy, one of the large truckers of that section, was visiting in the city yesterday. He says that the acreage of vegetables will be very heavy in the Micanopy section this fall.

For indigestion and all stomach trouble take Foley's Orino Laxative, as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. J. W. McCollum & Co.

G. M. Lynch, a prominent business man of Gainesville, is located at the Park Hotel, being in the city for a few days on business and pleasure. Mr. Lynch frequently visits here and has many friends and acquaintances in the city.—Jacksonville Metropolis, 11th.

Prof. E. R. Simmons of Island Grove was in the city yesterday for a short visit. He has already opened the fall school at that place and reports a fine enrollment. This is always among the first schools of the county to open owing to that particular section being filled largely with truckers and the children being needed in the spring-time to assist with the crops.
